MIT provides boat transportation services between Leland Harbor and North and South Manitou Islands. Services generally run from May till October.

Daily boat trips to South Manitou Island provide visitors with opportunities to visit a lighthouse, hike, picnic, bird-watch, or explore natural and cultural areas on their own. MIT also offers tours of South Manitou Island from their open air vehicles.

Manitou Island Transit also offers a variety of narrated sightseeing cruises, island shuttles, and charter trips to the islands and offshore locations throughout the National Lakeshore. Evening shoreline cruises along the coast are also available. For a complete schedule of this year's cruise offerings, visit their website at www.leelanau.com/manitou.
